Newark restaurant Auradine Roberts, whose parents live on Hawthorne Avenue, said she was in a corner grocery store a few months ago with her 9-year-old son, Baziar, when Booker gave him and other children money to buy ice cream. # IT'S TIME

## FOR ACCESS TO THE RIGHT CARE AT THE RIGHT TIME

**Give your employees access to the largest network in 19 of the 21 New Jersey counties.<sup>1</sup>**

The largest individual provider network in New Jersey is available through Oxford products from UnitedHealthcare. And our medical products may be combined with specialty products, which provide access to extensive dental and vision networks. Integrating these benefits isn't just beneficial for your employees. Having these benefits all in one place can also help to simplify your plan administration.
